- Masters 40-49 (Male and Female): First-place only
- Grand Masters 50+ (Male and Female): First-place only

Award Regulations for Triathlon:

- ◆ **OVERALL:** awards are given to the best overall times. The top three males and females will **not** be eligible for age-group or Master's awards.
- ◆ **MASTERS:** awards are given to the fastest 40-49 male and female. The top Master's male and female will **not** be eligible for age-group awards.
- ◆ **GRAND MASTERS:** awards are given to the fastest 50-59 male and female. The top Grand Master's male and female will **not** be eligible for age-group awards.
- ◆ **SENIOR MASTERS:** awards are given to the fastest 60+ male and female. The top Grand Master's male and female will **not** be eligible for age-group awards.
- ◆ **AGE GROUP:** awards are given to the top one to three in each five-year age division for adults and top one to three in each division for juniors depending on number per category.
- ◆ **ATHENA:** (female 165+ lbs – all ages): this division represents awards given to those who choose to compete in divisions separated by weight instead of age.
- ◆ **CLYDESDALE:** (male 220+ lbs) two age divisions – 39 and under, 40+: this division represents awards given to those who choose to compete in divisions separated by weight instead of age.

The top-three male and top-three female finishers, the top M/F Masters, top M/F Grand Masters, top M/F Senior Masters are pulled out of all other awards, etc. For example, if a 44 year-old person finished third overall, he or she will not receive an award as the first Masters or top 40-44 age-group winner. Overall trumps everything, then Masters, then Grand Masters, then Senior Masters.
